## **Benefits of State Employment** **Leave Benefits**

Our generous leave package for permanent State employees includes from ten to 25 days of annual (vacation) leave per year, depending on seniority, as well as six personal days each calendar year. In addition, the State offers eleven paid holidays and fifteen days of sick leave per year. Permanent part-time employees who work at least 50% are eligible to earn leave on a pro-rated basis.

We also offer paid parental leave to eligible permanent State employees to care for and nurture children within 6 months of birth or within 6 months of an adoption of a child under 6 years of age.

Although more limited, the State offers other forms of paid time off to a majority of our contractual staff.

Our leave policies also adhere to the Family Medical Leave Act of 1993.

## **Health Coverage**

When you come to work for the State of Maryland, as a permanent State employee (or a contractual employee who works at least 30 hours per week or an average of 130 hours a month for a period greater than 90 consecutive days), you and your family are eligible for the State's medical, prescription, dental and vision insurance coverage. The State subsidizes your premium. You also may be eligible for life, accidental death and dismemberment insurance plans at low group rates.

For eligible contractual employees, medical and prescription drug coverage elected for the Employee and any eligible dependents will be subsidized at 75% of the premium. Enrollment by the employee in dental, term life, spouse life, child life, and/or accidental death and dismemberment coverage is paid entirely by the contractual employee.

## **Reduced Child and Health Care Costs**

Working for the Maryland State Personnel Management System entitles permanent State employees to participate in Healthcare and Dependent Daycare Flexible Spending Accounts. These plans allow eligible employees to save, on a pre-tax basis, for healthcare and dependent care costs incurred during the plan year.

## **Retirement Benefits**

Maryland State employees are eligible to participate in a contributory pension plan, and are vested after ten years. The State of Maryland also makes contributions to the pension plan. State employees are also eligible to participate in two supplemental retirement plans: the 457 Deferred Compensation Plan and the 401(k) Savings and Investment Plan.
