.02 Maryland Surplus Lines Brokers' Licenses.

Before placing any surplus line or otherwise acting as a surplus lines broker, where Maryland is the Home State of the insured, it will be the responsibility of each individual so acting to acquire a valid Maryland surplus lines broker's certificate of qualification [license]. The broker [licensee] will be held responsible for securing timely renewals of the broker's certification of qualification [licensee's license] in order to place new business and provide a continuity of service to clients for whom the broker [licensee] has previously acted. Each original surplus lines broker's certificate of qualification [license] shall be issued for a term expiring every other year on the date stated on the certificate of qualification [on June 30 of the next odd-numbered year following the date of issuance] and may be renewed biennially thereafter.
