A. INTRODUCTION

Section 2-110(a) of the Insurance Article of the Annotated Code of Maryland requires the Insurance Commissioner to file an annual report for the previous fiscal year. This report covers fiscal year (FY) 2019 (July 1, 2018 through June 30, 2019). The statute lists ten (10) discrete items that must be included in the annual report and this submission is organized to correspond with the statute.

Al Redmer, Jr. was appointed by Governor Larry Hogan to serve as Maryland's Insurance Commissioner, effective February 27, 2015, for a term ending May 31, 2019. Commissioner Redmer was appointed for a second consecutive term ending May 31, 2023. The Maryland Insurance Administration (MIA or Administration) is an independent State agency that regulates Maryland's insurance industry and protects consumers by monitoring and enforcing insurers' and insurance professionals' compliance with State law. Through the diligence of a highly trained and professional staff of actuaries, financial analysts, auditors, examiners, accountants, lawyers, investigators, law enforcement officers and others, the Administration works to facilitate a strong insurance marketplace where consumers are well informed and treated fairly. Staff members are subject-matter experts who serve as a resource for lawmakers, consumers, and other public and private entities.

The MIA is charged with a range of responsibilities including the licensure of insurance companies and insurance producers (brokers/agents) operating in Maryland, the conduct of financial examinations of companies to monitor financial solvency, and the review and approval of rates and contract forms. The Administration investigates reports of consumer fraud and consumer complaints about life, health, automobile, homeowners, and/or property insurance. Insurance companies are subject to market conduct examinations to monitor compliance with Maryland law. The Administration's Consumer Education and Advocacy Unit participates in hundreds of events and reaches thousands of individual consumers annually.

The MIA does not receive money from the State's General Fund. The Administration is a specially funded state agency supported entirely through fees and assessments on the insurance industry. In lieu of a state income tax on insurance company profits, the MIA collects a 2 percent tax on premiums. Up to 60 percent of the MIA's annual appropriation may be funded by assessments on the insurance industry, with the remainder coming from fees. By law, these funds may not revert to the General Fund. Two separate funds support activities of the MIA: the Insurance Regulation Fund, which supports the administrative and regulatory activities of the MIA; and the Health Care Regulatory Fund, which funds the costs of complaint investigations concerning payment denials involving medical necessity.

The MIA contributed \$540,512,181 in revenue to the General Fund in FY 2019, \$192,357,065 to the Maryland Health Care Rate Stabilization Fund, and \$16,322,924 to the State's Insurance Regulation Fund.

10. Other Relevant Information

Section 2-110(a)(10) requests any other relevant information that the Commissioner considers proper.

a. Rate Review Pursuant to the Affordable Care Act (ACA)

During FY 2019, for health benefit plans offered on and off of the Maryland Health Benefit Exchange (MHBE) with an effective date on or after January 1, 2019, the Office of the Chief Actuary (OCA) reviewed/approved rate filings from two carriers in the individual and four carriers in the small group market. For dental plans, the OCA reviewed/approved rate filings from four carriers in the individual and one carrier from the small group market. The OCA also initiated the rate review process for the 2020 premium rate filings for plans to be sold on and off of the MHBE.

OCA also supported analysis and monitoring through the MHBE of year two of the federal 1332 waivers reinsurance program for the “Individual Non-Medigap” market which began in 2019.

b. Consumer Education and Advocacy

The Consumer Education and Advocacy Unit (CEAU) is responsible for providing consumers with information about their insurance policies and assisting them in gaining a better understanding of their rights and obligations under those policies. The statutory framework for the CEAU is contained in §§2-301 through 2-305 of the Insurance Article. The CEAU also facilitates the resolution of consumer disputes with certain property and casualty insurers through the Rapid Response Program.

During FY 2019, CEAU participated in 601 fairs, tradeshow, speaking engagements, and other events throughout the State. Staff provided educational materials to consumers on various insurance issues, including automobile, homeowners, health, and life insurance. Brochures on various insurance topics also are distributed to State, local, and community organizations who are able to share this information with consumers. Responding to emergencies and disasters is also one of CEAU's key responsibilities.

c. Compliance and Enforcement

The Compliance and Enforcement Unit's primary mission is to protect consumers from deceptive marketing, unfair claim settlement practices, underwriting and premium rating abuses, and misrepresentation of insurance coverage. The Unit enforces regulatory compliance by companies and insurance producers with applicable state laws and regulations. The Unit also oversees the licensing of insurance producers.

In FY 2019, the Unit's activities resulted in the return of \$923,443.10³ to Maryland consumers, as well as the assessment of approximately \$1,621,930 in administrative penalties for violations of Maryland insurance law by insurers, producers and other regulated entities, which was deposited into the General Fund.

Within the Compliance and Enforcement Unit, the Market Conduct Section conducts company examinations focused on business practices. Regulated entities reimburse the MIA for expenses incurred in performing these examinations. In FY 2019, regulated entities reimbursed the Administration \$909,754 in examination fees and expenses.

The Market Analysis Section establishes and meets State objectives for integration of market data analysis, market conduct, and interstate collaborative efforts into a cohesive oversight program of the insurance market. In FY 2019, Market Analysis completed 72 baseline reviews of 50 licensed carriers and posted them to the Market Analysis Review System ("MARS").

The Producer Licensing Section issues licenses and registrations to qualified resident and nonresident insurance professionals, including corporations, partnerships, and limited liability companies. In FY 2019, Producer Licensing Section issued 34,605 initial licenses and renewed 59,944 licenses to producers, public adjusters, insurance advisers, motor club representatives, surplus lines brokers, viatical settlement providers/brokers, third party administrators, self-storage producers and portable electronic vendors. Producer Licensing Section received 1,562 paper applications and 98,752 on-line applications in FY 2019. The total licensee population

was 192,391 at the end of the FY 2019, which was comprised of 39,827 resident licenses/registrations and 152,564 non-resident licenses/registrations. The Producer Licensing Section collected \$6,654,792 in license fees and \$247,150 in license exam fees. As of the end of FY 2019, the Administration has 410 active providers of continuing education for producers and 5,532 active courses registered.

The Producer Enforcement Section focuses on complaints about individual producers of property, casualty, life and health insurance, as well as bail bondsmen, public adjusters, and title agents. In support of the Producer Licensing Unit, Producer Enforcement reviewed approximately 10,878 producer license applications. Additionally, the Enforcement Section completed 1,819 investigations of the activities of insurance producers conducting business in Maryland and issued 88 orders. The restitution amounts listed in the table below include funds escheated to the state of Maryland.
