Phone Number

The member should refer to the phone number on the back of their membership card since the numbers may differ based on the plan

Requesting a Referral

Steps to request a non-panel (non-participating) provider specialist

You may request a referral to a specialist (physician or non-physician) who is not part of our provider network. You may do this if you've been diagnosed with a condition or disease that requires specialized health care services or medical care from a provider we don't have in our network, or if we can't provide access to a provider in our network without unreasonable travel or delay. The specialist must have the training and expertise to provide health care services for this condition or disease. You can call the phone number on your identification card to start the process.
