Requesting a Referral

Steps to request a non-panel (non-participating) provider specialist	<p>If you need covered health care services that are not available from a network provider—or access to a network provider would require unreasonable delay or travel—you, your doctor or a representative acting on your behalf can ask for a referral to an out-of-network provider. If your request is approved, such services from the out-of-network provider will be covered at the network benefit level.</p> <p>To request a referral to an out-of-network provider, call the toll-free member phone number on your health plan ID card; for mental health and substance use disorder services, call the Mental Health phone number on your ID card. If you wish to have someone else represent you for this request, please tell us and we will send you the form needed to designate a representative.</p>

A written notice of the decision will be provided to you, your health care provider, and any representative acting on your behalf within 1 day after the verbal grievance decision has been communicated.
